WORKSHOP

“Microbes in Sustainable Development”

“Art of Scientific Writing and Communication”

November, 2021

Framing a rebuttal letter
Targeting a specific
journal

Components of
Manuscript
Where to begin and
Where to end

Plagiarism

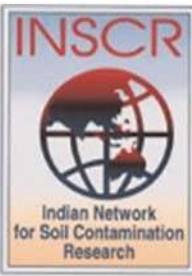

The art of scientific writing is essential for effective content development. The clarity of concept along with the precise use of words/phrases are required to communicate research with the scientific fraternity. This session aims to target the aspiring students and researchers from India to improve their scientific writing techniques by adhering to accurate expression and clarity of concept. The purpose of this workshop is to alleviate the mystique impact of art of scientific writing and communication.

6th Annual International Conference of Indian Network for Soil Contamination Research (INSCR)

U P C O M I N G

For Beginners

WORKSHOP

“Hands-on to Computational Biology for (Meta) Genomics Analysis”

November, 2021

- ❖ Introduction to Linux/Ubuntu
- ❖ Introduction to Cloud Platform

1

MODULE 1

- ❖ Metagenomic Diversity assessment
- ❖ Functional analysis of a metagenome

3

MODULE 2

MODULE 3

- ❖ Genomic Assembly using Paired End Data
- ❖ Basic of Assembly Validation using Quast
- ❖ Genomic Annotations

2

“Microbes in Sustainable Development”

INAUGURAL TALK

Edward de Long

Professor, University of Hawaii
ISME Past President

INAUGURAL TALK

Rup Lal

NASI Senior Scientist, TERI,
New Delhi

INTERACTIVE SESSIONS WITH THE EXPERTS

For more details visit:

6th

UPCOMING

Annual International Conference of Indian Network for Soil Contamination Research (INSCR)

Organized in association with

Kirori Mal College (DU), Gargi College (DU), Deen Dayal Upadhyaya College (DU), Ramjas College (DU), Sri Venkateswara College (DU) & Acharya Narendra Dev College (DU)

For College Students

WORKSHOP

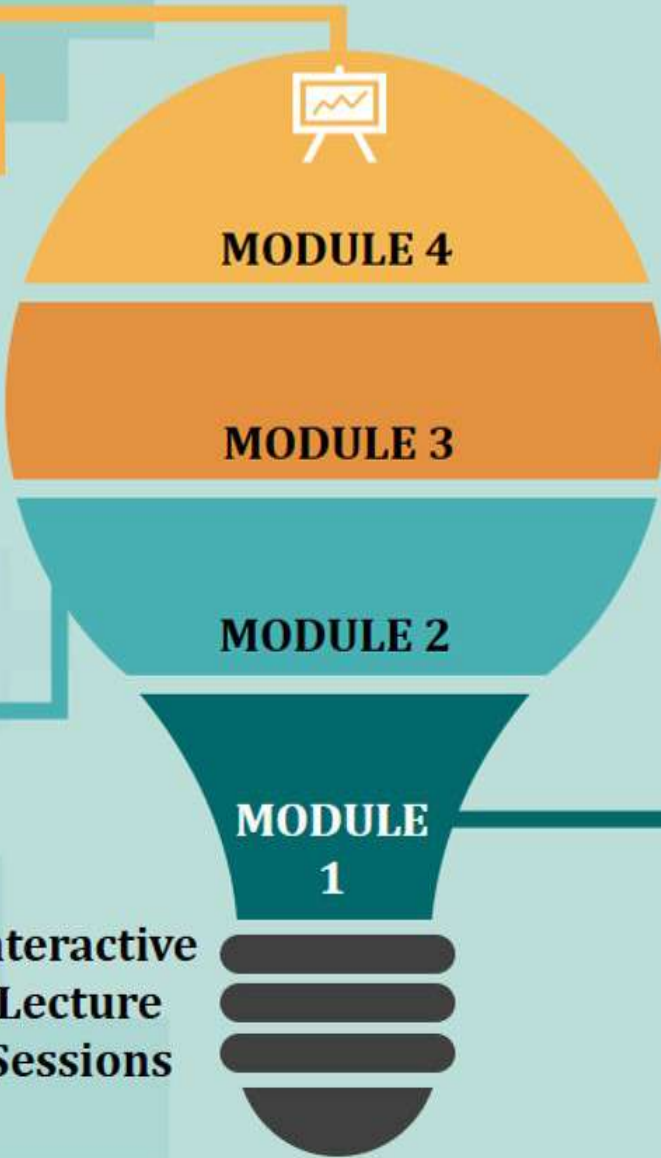

"Microbes in Sustainable Development"

Computational Biology for the Beginners

November, 2021

04 Hands-on session on graphical representation of statistical data with MS -Excel

04

MODULE 4

MODULE 3

MODULE 2

MODULE 1

Interactive Lecture Sessions

03

Fundamental of Descriptive Biostatistics, Perform Chi-square test

02

Basic concepts of Sequence alignment: Hands-on to perform pairwise alignment of Sequences

01

Introduction to Biological Databases: Hands-on session on retrieving the sequence for Nucleic Acid Database, Protein database, Metabolic pathway database

For more details visit: <http://econference.inscr.co.in/>
