

SASHAKT SOCIETY REPORT ANDC 2020-2021

Have you heard or know of any of these words/phrases and recognise any these symbols?

- Patriarchy/Matriarchy
- Gender Sensitization
- Gender equality
- Women empowerment
- College Complaints Committee
- Feminism

- There are so many issues/problems/pain in our surrounding which are existing and being the upcoming generation it will be our responsibility to understand and work on these aspects to make this world a happier place to live in
- College is the place where you learn not only about higher academics but more than that you will learn and explore much more about the society, how things work in a community, how to deal with people, how to organise and manage events and many more but most importantly you will learn how to be a good citizen of the nation and how can you contribute to your motherland
- There are various social issues prevalent in our society like cleanliness, environmental awareness, drug abuse, poverty and many more. One of a major as well as sensitive issue is Gender inequality and injustice towards the female gender in our community
- To explore this dimension of society and to work on gender related issues, we have a Society in the college called 'SASHAKT'

SASHAKT

About Sashakt

- Sashakt (Hindi word for ‘empowerment’) is the Gender cell @ANDC which aims to work and explore the dimension of Gender equality along with realising the need to empower the girl child and female sect of society
- Women Empowerment is the need of the hour. We, as a society, need to encourage our women to come out and prove that they are not at all less than their male counter-parts. College life is the mirror of what kind of citizen one is going to be in one’s later stages of life. ‘Sashakt’ sows the seeds of awareness in all its students in this learning phase of life so that they grow up to become a citizen who is well aware of how to respect women and how to ensure that they get their right representation in society.
- It may seem that Sashakt is meant only for girls but that’s not the case. Boys are equally responsible for empowerment of women and that’s why we have both boys as well as girls in team ‘Sashakt.’ We need to empower every section of society be it a girl or boy or somebody else for a healthy balanced community

GENDER CHAMPIONS

- Every student of the college is a member of Sashakt in her/his role to spread awareness about gender issues.
- But a few students are appointed by Sashakt to ensure that there is a gender friendly environment for all the students in the college campus and to organise events conducted by Sashakt. This group of students are known as 'Gender Champions'. If any student has any problem, they can contact directly to these Gender Champions who can convey the same to Internal Complaints Committee and Proctor Committee and ensure that the problem is solved.

ORIENTATION UNDER SASHAKT

The Sashakt team welcomes the new batch of students and strives to give free and cordial atmosphere to our freshers. Last year our orientation sessions were conducted by Ms. Koyel who is working with NGO 'Nazaria' who are working on gender sensitivity and awareness on sexual harassment

- Throughout the academic session, Sashakt aims to organise talks and lectures from various NGOs and personalities who work on the field of gender issues
- We also organise various competitions so that student can express their message in best creative way possible and events like self defence training where students can get hands on training on how to deal with cases in extreme
- Following are some glimpse of Sashakt events.....

Talks and lectures we had in collaboration with Vivel India, Josh Talks and other stakeholders/NGOs who work in the field of gender sensitization

- One important thing you all need to know about is the presence of ICC in the college
- Internal Complaints Committee is a body of college which works to deal with cases of Sexual harassment with any student/staff/ any female member who is a part of the college. Any girl if she feels she is being disturbed by anyone, she can contact any of the member of ICC and express her issues and then ICC will call proper query upon the matter to take strict actions against the person who is found responsible for the charges
- The ICC and Proctor goes hand in hand and equally holds power to take strict actions if any of one is found responsible for the charged misconduct, hence ensure that your behavior never hurt other's sentiment
- These bodies are not to frighten you but just to make you aware about how should be your conduct with others and to inculcate discipline in oneself.

Information about members of ICC are uploaded in college site, sent personally to each student through mail and also are displayed in college notice board

Some of our achievements...

- This was all about SASHAKT @ANDC. We look forward upon all our dear Freshers' to join us for the cause of gender issues. But one thing is very important you may or may not join Sashakt but you cannot escape from your responsibility as an educated and upcoming generation of sensitizing your neighbourhood and community about gender equality and how male, female, transgender and all the other genders share equal responsibility and also share equal rights in every matter, which is required for a balanced society.
- Let's spread awareness...unconditional positive regard for all.

Thank You
