School of Vocational Studies at AUD

“The Vocational Programme in Early Childhood Centre Management and Entrepreneurship (ECCME) will address the age group of 0-6 years, which has not been addressed even in the Right to Education Act”, said Deputy Chief Minister Manish Sisodia while launching the School of Vocational Studies at the Ambedkar University of Delhi, Karampura Campus, on October 16. The treatment meted out to our children of this age group has a bearing on the future citizenry which decides the status and prospects of the Nation, he added.

The BVoc degree programmes offered are in Tourism and Hospitality, Retail Management and the Early Childhood Centre Management and Entrepreneurship. The highlights of these programmes are that it has multi entry and multi exit options

WARMTH OF HOSPITALITY: Dy CM, Secretary, Director & VC at BVoc lab

available to the students. The curriculum has been designed in close partnership with industry experts, industry association like Retailers Association of India, sector skill council like Tourism and Hospitality Sector Skill Council (THSC), institutions like the Centre for Early Childhood Education and Development (CECED, AUD), and National Skill Development Corporation (NSDC), Pravah, The Ferdinand Centre, as well as academicians. The curricula of the programmes have been designed keeping in mind the current trends as well as the future scenario to ensure that the programmes are dynamic and relevant for its main purposes — employability and entrepreneurship.

The School of Vocational Studies (SVS), as envisaged, has explored and developed programmes and courses that will provide students with the required academic background and skill-set for meaningful employment once they graduate from the programme. It is hoped that these programmes would enable many of the students to become self-employed, entrepreneurs, creators and generators of job for themselves and for many more educated youth in the society.

In his welcome address, Prof Shayam B Menon, Vice Chancellor, said that there has to be an organic linkage between the City of Delhi and the Ambedkar University. The City has wide heterogeneous population consisting also of semi rural population and there is a need to understand the interface between the students and the job market as well as space for social entrepreneurship. The aim is not to flood the job market but to create job for others as well. The student should not just manage

wealth of others rather they should be able to create wealth for themselves too. The concept of SVS and its three pilot BVoc programmes aim at addressing these concerns.

Ms Punya Salila Srivastava, Secretary, Education, complimented the University for being able to materialise the idea of skill development which the government has been contemplating in the recent past. GGSIPU has developed the vocational programmes in technical fields and AUD has designed the vocational course in the area of social sciences and humanities, she added.

COMMUNICATION THROUGH THEATRE

Acharya Narendra Dev College conducted the ninth batch of short-term add-on course on “Effective Communication and Personality Development through Theatre”. The course started in the month of August, came to an end on October 17 with brilliant and enthusiastic performances by students of the course. This year, the course had 34 students as participants and several eminent theatre personalities as Resource Persons.

The course is inspired by, and seeks to implement UNICEF and WHO's internationally recognized vision of life skills based education. The course seeks to hone in students skills such as effective communication, dynamic leadership through problem solving, critical thinking and decision-making, ability to think creatively and act confidently through acting, improvisations, performances and scripting, teamwork and interpersonal relationship skills focusing on relationships with the self, friends and family, and society, and self-management and self-awareness building skills through effective conflict management, negotiations and the ability to cope with stress and manage time effectively.

Dr Nivedita Deo, Professor, Department of Physics & Astrophysics, University of Delhi (Member, Governing Body, ANDC) was the Chief Guest at the culmination function. An exhibition was organized in which students showcased their creative and imaginative skills. Students enacted situations given to them on-the-spot by the audience.

Dr Savithri Singh, Principal of the college spoke about excellent performances by all students and how students' personalities have been groomed through the course during previous batches. Professor Nivedita Deo emphasised that such courses are very important part of education as they let students come out with their inner thoughts and thus improve their creative skills.

SCIENCE & THEATRE: Personality development along with studies

You are cordially invited for

EFFECTIVE COMMUNICATION AND PERSONALITY DEVELOPMENT THROUGH THEATRE

CULMINATION FUNCTION

17th October 2017, 4:30 pm onwards

ECPDT Update

Inbox

**Dr. Sandeep Kumar...** 2 Aug 2017

to me, geetugambhir ▾

Respected Madam,

This is to update you that 16 students have submitted the ECPDT fees till date. We have sold 46 registration forms out of which we have received 26 forms which have been uploaded for fee submission on ERP. We are working hard to convince students to submit the fees at earliest. I think we will be able to get the fees submitted by required number of 35 students by coming Tuesday. Thank you so much for all your support.

Thanks and regards,

...

**Dr. Sandeep Kumar...** 2 Aug 2017

to me, Geetu ▾

Yes Madam he came to me and took the form. I will ensure to do the needful.

Thanks and regards

Sandeep
