संयोजित श्रेणीकरण के साथ एपीएआर भरने सम्बंध दिशानिर्देश
Guidelines regarding filing up of APAR with numerical grading

- (i) एपीएआर में उचित विधित माध्यामी और ध्यानपूर्वक तथा पर्याप्त समय देते हुए भरे जायें।
The columns in the APAR should be filled in with due care and attention and after devoting adequate time.
- (ii) यह अपेक्षा की जाती है कि 1 अथवा 2 के किसी वर्गीकरण (निर्गत कार्य या विशेषताओं या अन्य अंशों) श्रेणीकरण के पत्रिका) को विशिष्ट उपलब्धियों के मांग से कठोर धिय में पर्याप्त रूप से अभिव्यक्त किया जाएगा और इसी प्रकार 9 अथवा 10 के किसी श्रेणी के संख्या में विशिष्ट उपलब्धियों के संख्या में अभिव्यक्त किया जाएगा। 1-2 अथवा 9-10 विरल होती है अतः उनका औचित्य सिद्ध करने की जरूरत है।
It is expected that any grading of 1 or 2 (against work output or attributes or overall grade) would be adequately justified in the pen-picture by way of specific failures and similarly, any grade of 9 or 10 would be justified with respect to specific accomplishments. Grades of 1-2 or 9-10 are expected to be rare occurrences and hence the need to justify them. In awarding a numerical grade the reporting and reviewing authorities should rate the officer against a larger population of his/her peers that may be currently working under them.
- (iii) एपीएआर का 8 से 10 के बीच का वर्गीकरण "उत्कृष्ट" लिया जाएगा तथा औसत गणना के लिए अंश 9 दिया जाएगा।
APARs graded between 8 and 10 will be rated as "Outstanding" and will be given a score of 9 for the purpose of calculating average scores for empanchment /promotion.
- (iv) एपीएआर का 6 तथा 8 से छोटा के बीच का वर्गीकरण "बहुत अच्छा" लिया जाएगा तथा औसत 7 दिया जाएगा।
APARs graded between 6 and short of 8 will be rated as "Very Good" and will be given a score of 7.

संख्यात्मक श्रेणीकरण के साथ एपीएआर भरने सम्बंध दिशानिर्देश
Guidelines regarding filing up of APAR with numerical grading

- (i) एपीएआर के स्तम्भ विधिकत साधनी और पर्याप्त तथा उचित समय देते हुए भरते जायें।
The columns in the APAR should be filled in with due care and attention and after devoting adequate time.
- (ii) यह आश की जाती है कि 1 अथवा 2 के किसी वर्गीकरण (विगत कार्य या विशेषताओं या कुल गिनाकर श्रेणीकरण के परिष्कार) को विशिष्ट उपलब्धताओं के मागे से कल्पित चित्र में पर्याप्त रूप से औचित्य दिया जाएगा और इसी प्रकार 9 अथवा 10 के किसी श्रेणी के साथ भी विशिष्ट उपलब्धताओं के साथ ही औचित्य दिया जाएगा। 1-2 अथवा 9-10 विरल होते हैं जब उनका आश्चर्य टप जान की उम्मीद है। सांख्यिक श्रेणी पट्टन करते हुए पर्यवेक्षण एवं पुनर्विलोकन अधिकारियों को किसी अधिकारी का दर्जा निर्धारण उनके अगले वर्ग सहज-सम-वर्तीमान में कार्यस्त उपलब्धियों की तुलना में करना चाहिए।
It is expected that any grading of 1 or 2 (against work output or attributes or overall grades) would be adequately justified in the pen-picture by way of specific failures and similarly any grade of 9 or 10 would be justified with respect to specific accomplishments. Grades of 1-2 or 9-10 are expected to be rare occurrences and hence the need to justify them. In awarding a numerical grade the reporting and reviewing authorities should rate the officer against a larger population of his/her peers that may be currently working under them.
- (iii) एपीएआर का 8 से 10 के बीच का वर्गीकरण "उत्कृष्ट" लिया जाएगा तथा श्रेणीकरण/पट्टन के लिए औसत प्राप्तिक की गणना करने के लिए प्राप्तिक 9 दिया जायेगा।
APARs graded between 8 and 10 will be rated as "Outstanding" and will be given a score of 9 for the purpose of calculating average scores for empanelment/promotion.

Guidelines regarding filling up of APAR with numerical grading

- (i) एपीएआर के संबंध में विभिन्न स्तरीय अधिकारियों और व्यक्तियों को पर्याप्त समय देना चाहिए।
The columns in the APAR should be filled in with due care and attention and after devoting adequate time.
- (ii) यह आशा की जाती है कि 1 अथवा 2 के किसी वर्गीकरण (विशेष रूप से विशेषज्ञों के वर्ग) के अभाव में श्रेणीकरण के परिणामों को विभिन्न उपलब्धियों के माप से कमजोर या अक्षम माना जायेगा और इस प्रकार 9 अथवा 10 के किसी श्रेणी के माप में विभिन्न उपलब्धियों के माप में श्रेणीकरण दिया जायेगा। श्रेणी 1-2 अथवा 9-10 विरल होती है। अतः अत्यंत अधिकतर मामलों में श्रेणीकरण 1-2 अथवा 9-10 के बजाय 3-8 के बीच में किया जाना चाहिए।
It is expected that any grading of 1 or 2 (against work output or attributes or overall grades) would be inadequately justified in the pen-picture by way of specific achievements and similarly, any grade of 9 or 10 would be justified with respect to specific accomplishments. संख्यात्मक श्रेणीकरण के साथ एपीएआर भरने सम्बंध दिशानिर्देश
Guidelines regarding filling up of APAR with numerical grading

- (i) एपीएआर के स्तम्भ विधिवत सावधानी और ध्यानपूर्वक तथा पर्याप्त समय देते हुए भरने चाहिए।
The columns in the APAR should be filled in with due care and attention and after devoting adequate time.
- (ii) यह आशा की जाती है कि 1 अथवा 2 के किसी वर्गीकरण (निरीत कार्य या विशेषताओं या कुल नित्यावर श्रेणीकरण के प्रतिकूल) को विशिष्ट अक्षयताओं के मार्ग से कठम चिन्म पर्याप्त रूप से औचित्य दिया जाएगा और इसी प्रकार 9 अथवा 10 के किसी श्रेणी के संबंध में विशिष्ट उपलब्धियों के संघा में औचित्य दिया जाएगा। श्रेणी 1-2 अथवा 9-10 विरल होती हैं अतः उनका औचित्य टिप जाने की जरूरत है। सार्वजनिक श्रेणी प्रदान करते हुए परिकल्पना एवं पुनर्विचारन अधिकारियों को किसी अधिकारी का वर्गीकरण उनके अधीन रही संख्या में वर्तमान में कार्यरत सहयोगियों की तुलना में करना चाहिए।
It is expected that any grading of 1 or 2 (against work output or attributes or overall grade) would be adequately justified in the pen-picture by way of specific failures and similarly any grade of 9 or 10 would be justified with respect to specific accomplishments. Grades of 1-2 or 9-10 are expected to be rare occurrences and hence the need to justify them. In awarding a numerical grade the reporting and reviewing authorities should rate the officer against a larger population of his/her peers that may be currently working under them.
- (iii) एपीएआर का 8 से 10 के बीच का वर्गीकरण "उत्कृष्ट" लिया जाएगा तथा सूचीकरण/पदीन्नति के लिए औसत प्राप्तांक की गणना करने के लिए प्राप्तांक 9 दिया जायेगा।
APARs graded between 8 and 10 will be rated as "Outstanding" and will be given a score of 9 for the purpose of calculating average scores for empanelment/promotion.
- (iv) एपीएआर का 6 तथा 8 से छोटा के बीच का वर्गीकरण "बहुत अच्छा" लिया जाएगा तथा प्राप्तांक 7 दिया जायेगा।
APARs graded between 6 and short of 8 will be rated as "Very Good" and will be given a score of 7.
- (v) एपीएआर का 4 तथा 6 से छोटा के बीच का वर्गीकरण "अच्छा" लिया जाएगा तथा प्राप्तांक 5 दिया जायेगा।
APARs graded between 4 and 6 short of 6 will be rated as "Good" and given a score of 5.
- (vi) एपीएआर का 4 से कम वर्गीकरण "शून्य" लिया जायेगा।
APARs graded below 4 will be given a score of "Zero".

ACHARYA NARENDRA DEV COLLEGE (UNIVERSITY OF DELHI)

The College is running following research and innovation laboratories.

- (i) Material Science
- (ii) Polymer Research
- (iii) Environmental Monitoring and Assessment
- (iv) Sensing Materials & Devices
- (v) Think Lab
- (vi) CUBE Lab
- (vii) OPEN Lab
- (viii) Ciliate Biology
- (ix) Anti-mycobacterial Drug Discovery
- (x) Chemical Biology
- (xi) Insect Vector & Pests
- (xii) Microbial Technology
- (xiii) Chandra Computational
- (xiv) Mathematics Research Centre
- (xv) Inorganic Chemistry

College has 14 Ph.D. students pursuing their research work under the supervision of 09 University recognized supervisors. Many UG students also work on various projects in these research laboratories.

Small requirements from these laboratories keep coming from time to time. The Finance Committee of the college while deliberating on the requirements of two such research laboratories at its meeting held on Friday, November 25, 2016 has recommended setting of a Research Contingency Grant. This grant will facilitate smooth running of these research and innovation laboratories. Hence, the Finance Committee has recommended that a research contingency grant amounting to a maximum of Rs. 15,000/- (per annum) per laboratory may be sanctioned to each of these research and innovation laboratories.

In the light of the recommendation of the Finance Committee, it is requested to grant permission to establish the research contingency grant from Student Welfare Fund (Society Account).

Submitted to the Chairperson, Governing Body for approval.

- a) The FC discussed the online UPS requirement of the library and recommends purchase of 2KVA capacity with 30 minute backup through DSR & D rate contract.
- b) Since 1st Grant of Rs 20 Lakhs for Non-recurring purchase is received from DHE keeping in record committed expenditure of furniture & fixture items the FC decided to allocate the available funds as under (Rs 20,00,000/- + revalidated amount of last year).

 - (i) Electronics - Rs 2,50,000/-
 - (ii) Computer Science - NIL [as items require IT approval from DHE].
 - (iii) Chemistry - Rs 2,50,000/-
 - (iv) Zoology - Rs. 2,11,500/-
 - (v) Botany - Rs 2,50,000/-

Instrumentation Lab (PS + LS) - 4,00,000/-

(iii) Biomedical Science - Rs 2,50,000/-

(ix) Library - Rs 5,00,000/-

c) The FC also approved floating of rate-contract for the purchase of HP Laser printer cartridges that are required across various departments in the college.

d) Budget proposal floated by the sports committee for 2016-17 for Rs 9,44,150/- was approved by the FC.

e) The FC is in receipt of two requirements from ciliate Biology Lab and Antimycobacterial Drug Discovery Lab. for furniture and other items. The FC recommends establishment of a Research Contingency grant since the college has a number of research laboratories as listed below:-

(i) Material Science

(ii) Polymer Research.

(iii) Environmental Monitoring and Assessment

(iv) Sensing Materials & Devices

(v) Think Lab.

(vi) CUBE - Lab.

(vii) OPEN - Lab.

Appropriate guidelines shall be framed by the College for implementation of this scheme. The Governing Body also recommended that the amount may also be used to fund Innovation Projects. The Governing Body further resolved to grant discretionary powers to the Principal of the college for permitting to use this fund on case-to-case basis.

11. Permission for using funds for Theatre Production.

The Governing Body of the college granted permission to use a sum of Rs. 6,70,000/- from the Development Fund for staging of the play in the Silver Jubilee year of the college.

12. Permission for allocations of funds to celebrate Silver Jubilee of the College.

The Governing Body of the college approved in principle the use of a sum of Rs. 12,00,000/- from the Development Fund for a year-long Silver Jubilee Celebrations of the college. It was further resolved that College shall constitute a committee to administer the successful holding of various events by incorporating innovative ideas. College shall make a detailed budget for the same and look at the possibility of showcasing it digitally to the stakeholders.

13. Essential deduction for Medical reimbursement from teaching and non-teaching employees.

The Governing Body of the college approved the essential deduction at the notified rates for availing Medical facilities including medical reimbursement from teaching and non-teaching employees from the month of October 2015 onwards by opting for membership

1. Policy document on providing financial support to teachers.
2. E-copy of letter/s indicating financial assistance to teachers and list of teachers receiving financial support year wise under each head.
3. Audited statement of account highlighting the financial support to teachers to attend conferences / workshops and towards membership fee for professional bodies.
4. Consolidated authenticated list of teachers provided with financial support to attend conferences/workshops and towards membership fee of professional bodies year wise during the last five years.
5. Certificates of workshops and conferences attended by the teachers.

Policy regarding attending of conference / workshop / seminar

Objective:

The objective of this policy is to enhance professional and program development opportunities for regular staff by supporting participation in professional conferences, and educational activities relevant to university education and program development practice and by encouraging the sharing of knowledge gained through participation in professional development activities.

Activities Eligible for Support:

The general types of professional development activity that this policy is intended to support include the following:

1. Professional conferences and special events relevant to program development practice within the context of university and research; and,
2. Educational programs, including but not limited to seminars, certificate programs, undergraduate and graduate study, that are relevant to the programming strategy or administration of the college.

Procedures for Implementation:

Category I

Regular faculty is allowed to attend Conference/ Seminar/ Workshop at National/International Level held in India once in a financial year on Govt. expenses (i.e. Registration fee + fare limited to three tier AC + local travel + Accommodation) and academic leave granted subject to fulfillment of the following conditions: -

1. The faculty member has to present a paper or chair a session & has been officially invited to this effect.
2. Funds are available for this purpose with the college.
3. Conference/ Seminar/ Workshop is in the academic interest.
4. In case of local conferences etc. only registration fee will be paid and academic leave granted.

Further, in case a teacher is presenting a paper in a second subsequent conference in the same year, he/she may be allowed reimbursement of registration fee only subject to availability of funds towards the end of the financial year.

Category II

Others

The cases in which the faculty member is not presenting a paper or chairing a session but has been invited to attend the conference; they will be entitled for reimbursement of registration fee only.

All cases will be kept pending for reimbursement and shall be cleared towards the end of the financial year in the month of March. Firstly, cases from category I shall be cleared and afterwards balance funding available under the head will be divided on prorata basis (maximum of the registration fee paid) based on the number of pending cases.

Applications will be ranked and assessed on the following basis:

1. consonance with department and college plans
2. importance to research and enhanced likelihood of research performance improvement
3. relevance to maintenance of teaching quality or enhanced likelihood of teaching performance improvement
4. criticality to the maintenance and or improvement of administrative, technical or other core functions

Normally, not more than 20% of the faculty in the department can be deputed at a time for such conferences etc. Although each application is considered and ranked on its merits in relation to the criteria listed above, a grant is more likely to be approved if the staff member is either delivering a paper or is otherwise playing a prominent part in the conference.

In case if more than 20% of the faculty members of the department are presenting papers then these guidelines can be relaxed. In case of co-authorship, only the presenter shall be permitted.

These guidelines can be relaxed by the Principal in consultation with the Faculty Enrichment committee based on the circumstances.

International conferences held abroad

1. For international conferences held abroad, only academic leave will be granted, funding can be requested to various agencies like UGC, INSA, DST, CSIR etc.

The regular faculty members shall apply at least two weeks in advance for such conference on the attached prescribed proforma (Annexure I).

Respected Sir,

Subject: Relieving for 3 weeks to pursue Refresher Course

It is to bring to your kind notice that my promotion from Lecturer in Sr. scale to Lecturer in Selection Grade is due since 18 Feb 2010.

I could do one out of two Refresher Courses required for promotion where CDNE, DU is conducting an interdisciplinary refresher course related to Electronics in "E-Learning and Digital Learning" during 05-25 September 2017 after very long time.

Since refresher in Electronics or related field are rarely held, I request your permission to be relieved from Ph.D. work for above mentioned duration so as to pursue the refresher course. It will enable me to be eligible for long due promotion.

Kindly permit and issue a relieving letter to be submitted in CDNE copy of confirmation letter from CDNE is attached.

Thanking you, completing essential requirement for promotion
with sincere regards

Yours truly

Abstract.

Annexure-I

Design of a Virtual Chemistry Lab for Undergraduate Students

Pankaj Khanna

Acharya Narendra Dev College, University of Delhi, Delhi-110019

A virtual chemistry lab is developed under DU innovation project to be used as tool for learning chemistry experiments under Distance learning programmes and may also be used as a pre-class tool for regular classes. The distance learning programmes are unable to incorporate science courses due to paucity of lab infrastructure, thus this Innovation provides a versatile tool of hands-on training of the experiments (presently done for chemistry and extendable to other sciences).

This would be further useful for incorporation in MOOCs/SWAYAM/online course Initiatives of the Digital India campaign.

The software has been indigenously prepared by a team of undergraduate students and faculty of Acharya Narendra Dev College, University of Delhi. Details would be discussed at the festival.

Abstract:

Adsorption is one of the most popular techniques for the removal of heavy metals ions from wastewater. This method provides an efficient and attractive alternative for treatment of wastewater, where the adsorbent is cheap (low cost) and does not require any additional pre-treatment step before application. The aim of present study was to investigate the adsorption properties of surface modified chitin in aqueous solution containing cadmium ions (heavy metal). For this purpose, the ligands of ethylene diamine tetraacetic acid was immobilized onto polymer matrices of chitin. The effect of dose of adsorbent, pH, treatment time and temperature was analysed with the help of UV-VIS spectroscopy. The functionalized chitin was characterized by IR-spectroscopy. In case of cadmium, increase in adsorption was observed as the doses of adsorbent was increased. When dose of adsorbent was 0.05g, pH 5.8, temperature 300K, and treatment time of 30 minutes, maximum adsorption was observed with adsorption % of 31.65%, 42.325%, 38.40% and 31.65% respectively. Functionalized Chitin showed a promising application in wastewater treatment.

INTRODUCTION

Water is highly polluted with toxic metals during the last decades because of certain activities like urbanization, industrialization, and agricultural practices. The waste water is classified as domestic waste water and industrial waste water but the release of untreated waste water from industries is a major concern in the world. The effluent coming from the industries which contain a higher concentration of pollutants are discharged into the water or other water resources. The contaminants from the industrial waste water that poured in the environment are the cause of environmental pollution. Heavy metals ions and their compounds are a major hazard to the industry's health and surroundings. There are many efficient techniques to remove heavy metals and their compounds from waste water such as precipitation, ion exchange, flocculation, adsorption, membrane separation, electrochemical treatment, adsorption as some methods of removal (Sundari et al., 2007). Adsorption has been found to be superior method as compared to the other methods for the removal of heavy metals from the wastewater due to its low fouling potential, regeneration of adsorbent, high efficiency and utilization of chemical and/or biological sludge. Additional advantage of metal recovery is also there. The process is suitable even when the metal ions are present in concentration as low as 1 mg l⁻¹. Feasibility and economic aspects to operate and maintain a toxic metal treatment method are the major concerns.

MATERIALS AND METHODS

Chitin was extracted from crab shells and dissolved in 110 ml 0.1M NaOH solution for about 4-5 hrs using magnetic stirrer. After that it was diluted with 200ml ethanol and added 30g polyethylene glycol. Stirred the above solution vigorously for 24 hrs. Filtered the solution and precipitated with 100ml methanol and again kept for stirring for 16hrs. Then filtered the solution and washed it with HCl (which is maintained at pH 1) to remove unreacted EDTA. Washed the precipitate with distilled water and then with 0.1% HCl, then again with distilled water and finally with ethanol. Kept dried adsorbent by drying at 40°C for 48 hrs.

ANALYSIS OF IR-SPECTRA

The IR spectra of chitin, EDTA and EDTA functionalized chitin were recorded using FTIR spectrometer. The IR spectra were recorded in the range of 4000-400 cm⁻¹. The IR spectra of chitin, EDTA and EDTA functionalized chitin were recorded in the range of 4000-400 cm⁻¹. The IR spectra of chitin, EDTA and EDTA functionalized chitin were recorded in the range of 4000-400 cm⁻¹. The IR spectra of chitin, EDTA and EDTA functionalized chitin were recorded in the range of 4000-400 cm⁻¹.

ADSORPTION EXPERIMENT

The adsorption experiment was carried out in a 100 ml beaker. The adsorbent was weighed and added to the solution. The solution was stirred for a certain period of time. The adsorption was measured by UV-VIS spectroscopy. The adsorption was measured by UV-VIS spectroscopy. The adsorption was measured by UV-VIS spectroscopy.

Online Summer School on Advances in Signal Processing and Machine Learning

July 20, 2020 – July 26, 2020

TECHNICAL PROGRAM SCHEDULE

July 20, 2020	Inauguration
10:00 am – 10:15 am	
July 20, 2020	Sparse Models and Compressive Sensing
10:15 am – 11:45 am	Prof. Surendra Prasad, FASc, FNA, FNAE, FNAsc, Emeritus Professor, Department of Electrical Engineering, IIT Delhi
July 20, 2020	Human Inspired Machine learning and AI
12:00 pm – 01:30 pm	Prof. Tapan K. Gandhi, SMIEEE, FIETE, Associate Professor, Deptt. of Electrical Engineering, IIT Delhi
July 20, 2020	Machine Learning : A Technology for All
02:00 pm – 03:00 pm	Professor Subhasis Chaudhuri, FNA, FASc, FNAsc, FIEEE, FNAE, Director, IIT Bombay, Mumbai
July 21, 2020	Intelligent Analysis of Brain Images
10:15 am – 11:45 am	Dr. Sushmita Mitra, FIEEE, FNA, FIAPR, FNAE, FNAsc, INAE Chair Professor & Fulbright Senior Researcher at Machine Intelligence Unit, ISI Kolkata
July 21, 2020	Feature engineering in Machine Learning and Computer Vision
12:00 pm – 01:30 pm	Ms Perna Agarwal - Collaborative AI, IBM Research India
July 22, 2020	AI/ML in Hiring
10:15 am – 11:45 am	Dr. Sudhanshu Shekhar Singh, Agent Design Co Lead - Collaborative AI, IBM Research India
July 22, 2020	Optimization and ML
12:00 pm – 01:30 pm	Dr. Sudhanshu Shekhar Singh, Agent Design Co Lead - Collaborative AI, IBM Research India
July 23, 2020	Unsupervised Learning: k-Means, Gaussian Mixtures and EM
10:15 am – 11:45 am	Professor Sumantra Dutta Roy, Department of Electrical Engineering, IIT Delhi
July 23, 2020	When to trust a self-driving car...
02:30 pm – 03:30 pm	Professor Marta Kwiatkowska, FRS, Associate Head of MPLS Division, Fellow of Trinity College Deptt. of Computer Science Univ. of Oxford
July 24, 2020	Looking beyond backpropagation in neural networks
10:15 am – 11:45 am	Professor Angshul Majumdar, Associate Professor, IIIT Delhi
July 24, 2020	A Reinforcement Learning Framework for Mobile Relay Beamforming
07:30 pm – 08:30 pm	Professor Athina Petropulu, President-Elect, IEEE Signal Processing Society (2020-2021), Distinguished Professor, Department of Electrical & Computer Engineering, Rutgers, The State University of New Jersey
July 25, 2020	Technology Changes – Accelerating Digital transformation, Use cases & Its Impact across Industries
10:15 am – 11:45 am	Mr. Ajay Goel, Vice-President-Engineering, ALTRAN, Gurugram
July 25, 2020	Object recognition models and optimization of DL algorithms for mobile devices and Q and A for transitioning into ML/AI
06:00 pm – 07:00 pm	Mr. Rajshekhar Mukherjee, Senior Data Scientist, SOTI Inc., Toronto, Canada
July 26, 2020	Empathetic Conversational Artificial Intelligence (AI)
02:30 pm – 03:30 pm	Professor Pascale Fung, FIEEE FISCA, Director, Centre for Artificial Intelligence Research (CAiRE) & Professor, Department of Electronic & Computer Engineering and Department of Computer Science & Engineering Hong Kong University of Science and Technology, Clear Water Bay, Kowloon, Hong Kong

Dear ma'am.

I wish to attend the **Summer School on Advances in Signal Processing and Machine Learning during July 20-25, 2020** jointly organized by MHRD-Institution Innovation Council, DDUC Chapter, Deen Dayal Upadhyaya College, University of Delhi (under the aegis of DBT Star College Program); Department of Electronic Science, University of Delhi; The National Academy of Sciences India (NASI)-Delhi Chapter and supported by IEEE Electron Device Society (EDS)-Delhi Chapter. Kindly grant permission for the same and forward my case for principal sir's permission.

Thanks & regards
Ravneet

Subject: **Announcement and Invitation to Register for Online Summer School on Advances in Signal Processing and Machine Learning during July 20-25, 2020** jointly organized by MHRD-Institution Innovation Council, DDUC Chapter, Deen Dayal Upadhyaya College, University of Delhi (under the aegis of DBT Star College Program); Department of Electronic Science, University of Delhi; The National Academy of Sciences India (NASI)-Delhi Chapter and supported by IEEE Electron Device Society (EDS)-Delhi Chapter

Dear All

MHRD-Institution Innovation Council, DDUC Chapter, Deen Dayal Upadhyaya College, University of Delhi (under the aegis of DBT Star College Program); Department of Electronic Science, University of Delhi; The National Academy of Sciences India (NASI)-Delhi Chapter and IEEE Electron Device Society (EDS)-Delhi Chapter jointly organizes **Online Summer School on Advances in Signal Processing and Machine Learning during July 20-25, 2020**.

I request you to kindly circulate this email with a word of motivation so that students (UG/PG/Research Scholars) and Faculty Members can register on or before July 08, 2020.

Theme of the Summer School

Seasonal Schools are interactive events designed to provide attendees with specialized background in select signal processing topics. Professors, Experts from Industry and established practitioners work closely with attendees in hands-on tutorials and applications, building meaningful collaborative relationships. The school incites faculty members, on-going researchers and students to equip and advance their knowledge in the area of signal processing and Machine learning, and also, outlines the prospective areas for novel research. The aim of the activity is to contribute to the cross-fertilization between the research on Machine Learning methods and their application to Signal Processing.

Objectives of the summer school

- Dr. Manoj Saxena, MNASc, Program Coordinator - DBT Star College Program (DDUC) & Associate Professor, Department of Electronics, Deen Dayal Upadhyaya College (DDUC), University of Delhi
Email: msaxena@ddu.du.ac.in

Co-Convener(s)

- Dr. Poonam Kasturi, Associate Professor, Deptt. of Electronics, DDU College, Univ. of Delhi
- Dr. Geetika Jain Saxena, Associate Professor, Deptt. of Electronics, Maharaja Agrasen College, Univ. of Delhi

Secretary(s)

- Ms. Shweta Wadhwa, Assistant Professor, Deptt. of Computer Science, DDU College, Univ. of Delhi
- Dr. Amit Pundir, Associate Professor, Deptt. of Electronics, Maharaja Agrasen College, Univ. of Delhi

Special Public Lectures in Conjunction with Online School
(Open for Registered/Non-Registered Participants)

July 23, 2020 @ 02:30 pm Indian Standard Time

Professor Marta Kwiatkowska FRS

Associate Head of MPLS Division Fellow of Trinity College Department of Computer Science University of Oxford, Oxford, OX1 3QD

Marta Kwiatkowska is a computer scientist who is developing modelling and analysis methods for complex systems, such as those arising in computer networks, electronic devices and biological organisms. The distinctive aspect of her work is its focus on probabilistic and quantitative verification techniques, as well as synthesis of correct-by-construction systems from quantitative specifications. Marta's recent contributions have centred on safety and trust for robotics and Artificial Intelligence, and specifically safety and robustness guarantees for machine learning. Marta led the development of the PRISM model checker (www.primmodelchecker.org), the leading tool in the area and widely used for research and teaching. PRISM has been applied to study, amongst others, wireless network protocols, security protocols, molecular signalling networks, DNA computation and cardiac pacemakers. Marta has published over 300 papers during her career and received numerous keynote invitations. She won two ERC Advanced Grants, VERIWARE and FUN2MODEL, and is a co-investigator on the EPSRC Programme Grant on Mobile Autonomy. Marta was awarded an honorary doctorate from KTH Institute of Technology and is the first female winner of the Royal Society Milner Medal. She is a Fellow of the ACM, Member of Academia Europea and Fellow of the Royal Society.

July 24, 2020

Professor Athina Petropulu

President-Elect, IEEE Signal Processing Society (2020-2021),

Distinguished Professor, Department of Electrical & Computer Engineering, Rutgers,
The State University of New Jersey

Dr. Athina P. Petropulu was born in Kalamata Greece. She received the Diploma in Electrical Engineering from the National Technical University of Athens, Greece in 1986, the M.Sc. degree in Electrical and Computer Engineering in 1988 and the Ph.D. degree in Electrical and Computer Engineering in 1991 both from Northeastern University, Boston. She joined the Electrical and Computer Engineering Department of Rutgers, The State University of New Jersey in 2010, where she is now a Professor and Department Chair. From 1992 to 2010, she was with Drexel University where she was a Professor. She held visiting appointments at SUPEREL, France, during the academic year 1999-2000, and Princeton University, during the academic year 2007-2008. She is the coauthor (with C.L. Nikias) of the textbook Higher-Order Spectra Analysis: a Nonlinear Signal Processing Framework, Prentice-Hall, Inc., 1993. Her research

The course should enable all participants including Faculties in Academics, students of PG and Ph. D working in the area of Signal Processing and ML to :

- Understand Image, video, and multimedia Signal Processing
- Learn the fundamentals of Machine Learning and its applications in various industries
- To design and analyse various ML algorithms and techniques with a modern outlook focusing on recent advances.
- Explore supervised and unsupervised learning paradigms of ML; Learn the ML algorithms for development of Intelligent automation and to explore Deep learning technique and various feature extraction strategies.

List of Speakers:

- Prof. Surendra Prasad, FASc, FNA, FNAE, FNASc, Emeritus Professor, Department of Electrical Engineering, Indian Institute of Technology, Hauz Khas, New Delhi
- Prof. Sushmita Mitra, Fellow IEEE, INSA, IAPR, INAE, NASI, INAE Chair Professor, Fulbright Senior Researcher at Machine Intelligence Unit, Indian Statistical Institute, Kolkata
- Professor Sumantra Dutta Roy, Department of Electrical Engineering, Indian Institute of Technology, Delhi
- Dr. Tapan Kumar Gandhi, Associate Professor, Department Of Electrical Engineering, IIT Delhi
- Dr. Angshul Majumdar, Associate Professor, Department of ECE, IIIT Delhi
- Mr. Ajay Goel, Vice President - Engineering, ALTRAN
- Dr. Sudhanshu Shekhar Singh, Agent Design Co Lead - Collaborative AI, IBM Research India
- Ms Prerna Agarwal, Research Staff Member, Collaborative AI, IBM Research India

Early Bird Registration (before July 08, 2020)

- Rs. 200 for students (UG/PG/Research Scholars)
- Rs. 500 for (Faculty/Professionals)
- 20 USD for Outside India participants.

After July 08, 2020, the registration fee shall be enhanced. Registration fees can be paid via online bank transfer to

Sub: Reimbursement of Registrable Fee of Refresher course.

Respected Sir,

This is to bring to your notice that I completed a refresher course at Jamia Millia Islamia during Sep-Oct 2018 and submitted the fee receipt at your office for reimbursement (Diary no 2621 dated 23/10/2018)

However, now I am informed that the application and the fee receipt (in original) have been misplaced. I am therefore attaching a copy of the fee receipt (Rs 1000/- + Rs 350/- = Rs 1350/-) with this application and request you to kindly grant the reimbursement.

Also, as the period of course included 3 days (15th-17th Oct 2018) in winter break, kindly permit to add earned leaves as per rules.

Received for Rs..... 1,350/- Vide cheque

Auditors' Report

We have audited the attached Balance Sheet of Grant in Aid account of ACHARYA NARENDRA DEV COLLEGE, Govindpuri, Kalkaji, New Delhi - 110019, as at 31st March 2018 along with Income and Expenditure Account and Receipt & Payments Account for the year ended on that date annexed thereto. These financial statements are the responsibility of Management of ACHARYA NARENDRA DEV COLLEGE and our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the auditing standards generally accepted in India. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material mis-statement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion. We report that:

- a) We have obtained all the information and explanations, which to the best of our Knowledge and belief were necessary for the purpose of our audit.
- b) In our opinion, proper books of account as required by law, have been kept, by the college so far as appears from our examination of the books.
- c) The Balance Sheet, Income and Expenditure Account and Receipt & Payment Account, dealt with by this report are in agreement with the books of accounts.
- d) In our opinion and to the best of our information and according to the explanations given to us, the said accounts given a true and fair view.
 - (i) In the case of Balance Sheet, of the state of the affairs as at 31st March, 2018:
 - (ii) In the case of Income & Expenditure Account, surplus of income over expenditure for the year ended 31st March, 2018.

AUDITOR'S REPORT

We have audited the attached Balance Sheet of Grant in Aid account of **ACHARYA NARENDRA DEV COLLEGE**, Govindpuri, Kalkaji, New Delhi – 110019, as at 31st March, 2019 along with Income & Expenditure Account and Receipt & Payments Account for the year ended on that date annexed thereto. These financial Statements are the responsibility of the Management of **ACHARYA NARENDRA DEV COLLEGE** and our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the auditing standards generally accepted in India. Those Standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining on the test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion. We report that;

- a) We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purpose of our audit.
- b) In our opinion, proper books of account as required by law, have been kept, by the college so far as appears from our examination of the books.
- c) The Balance sheet, Income & Expenditure Account and Receipt & Payment Account, dealt with by this report are in agreement with books of accounts.
- d) In our Opinion and to the best of our information and according to the explanations given to us, the said accounts give a true and fair view:
 - (i) In the case of Balance Sheet of the state of the affairs as at 31st March, 2019;
 - (ii) In the case of Income & Expenditure Account, surplus of income over expenditure for the year ended 31st March, 2019.

AUDITOR'S REPORT

We have audited the attached Balance Sheet of **GRANT IN AID ACCOUNT** of **ACHARYA NARENDRA DEV COLLEGE**, Govindpuri, Kalkaji, New Delhi – 110019, as at 31st March, 2021 along with Income & Expenditure Account and Receipt & Payments Account for the year ended on that date annexed thereto. These financial Statements are the responsibility of management of **ACHARYA NARENDRA DEV COLLEGE** and our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the auditing standards generally accepted in India. Those Standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining on the test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion. We report that;

- a) We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purpose of our audit.
- b) In our opinion, proper books of account as required by law have been kept, by the college so far as appears from our examination of the books.
- c) The Balance Sheet, Income & Expenditure Account and Receipt & Payment Account, dealt with by this report are in agreement with books of accounts.
- d) In our opinion and to the best of our information and according to the explanations given to us, the said accounts give a true and fair view:
 - (i) In the case of Balance Sheet of the state of the affairs as at 31st March, 2021;
 - (ii) In the case of Income & Expenditure Account, surplus of expenditure over income for the year ended 31st March, 2021.

1 Five Day National Workshop on “Flow Cytometry and qPCR based Blood Analyses

Date: 20-24 October, 2021

Acharya Narendra Dev College, University of Delhi (under the aegis of DBT STAR College Scheme) in collaboration with Flow Cytometry Solutions Pvt. Ltd. organised a 5 day National Virtual Workshop from 20-24 October, 2021. The topic for the same was Flow Cytometry and qPCR based Blood Analyses.

The workshop was organised under the patronage of Prof. Ravi Toteja (Officiating Principal, ANDC). Prof. Balaram Pani, Dean Colleges and Principal of Bhaskaracharya College of Applied Sciences was invited as the chief guest for the event. Dr. Sunita Jetly and Dr. Ritu Khosla (Department of Biomedical Science) were the convenors for the 5 day long Workshop. The advisory committee comprised of Prof. Daman Saluja (Director, ACBR, Delhi), Prof. Nirupma Trehanpati (ILBS, Delhi) and Prof. Seema Kapoor (in-charge Division of Genetics & Metabolism MAMC, Delhi).

Eminent speakers from different renowned institutes were invited to deliver their talk on different aspects of Flow Cytometry and qPCR based analyses. Prof. Daman Saluja, Dr. Hemamt Agarwal, Dr. Sunita Jetly, Dr. Nirupma Trehanpati, Dr. Navkiran Kaur, Dr. Ritu Kholsa, Dr. Ashish Vyas and Dr. Anirudh Singh spoke on topics like PBMC isolation, Flow Cytometry and its application, PCR and qPCR and their applications.

Overall 78 people from different domains participated in the workshop. Participants included Undergraduates, Postgraduates, Research Scholars, Doctors, Ph.D. students and Faculty Members from various institutes. The workshop aimed at providing extensive knowledge and virtual live demonstration on Flow Cytometry and qPCR analyses. The workshop was conducted in online mode and sessions for each day were concluded by quiz, assignments and feedback forms.

Participants were given presentations for each day for future reference and were provided with the e-certificate of participation after the successful completion of the Assignments and submission of Feedback Forms.

2. Tools and Techniques in Statistical Analysis

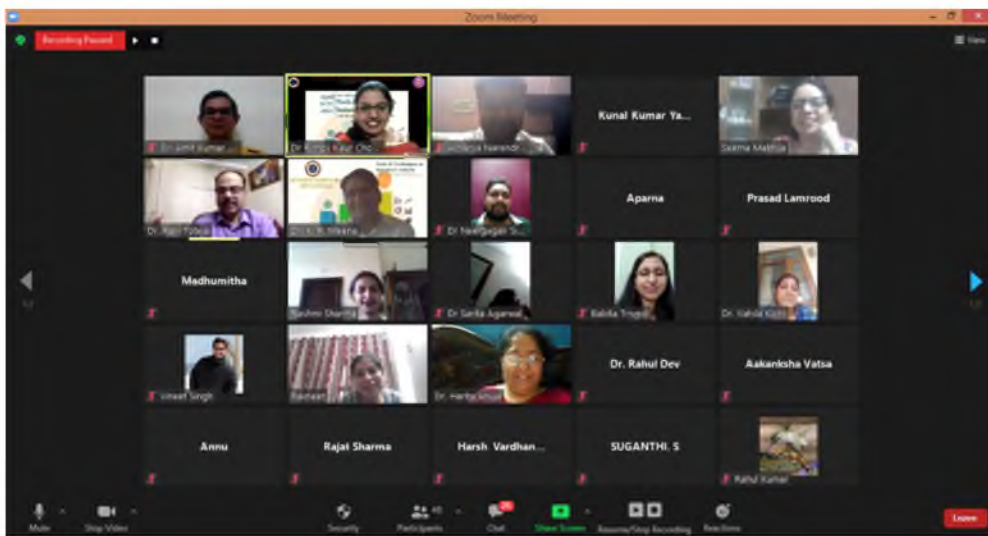

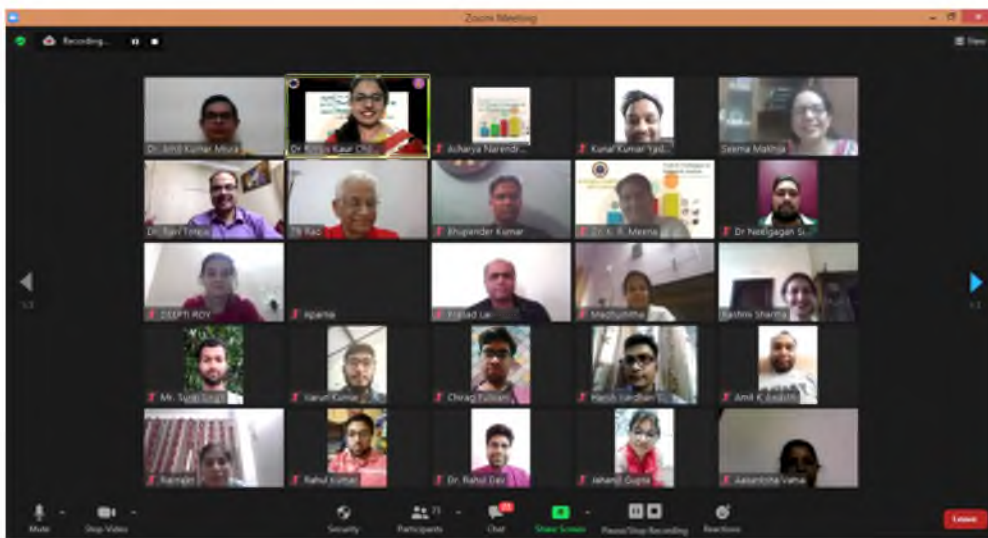

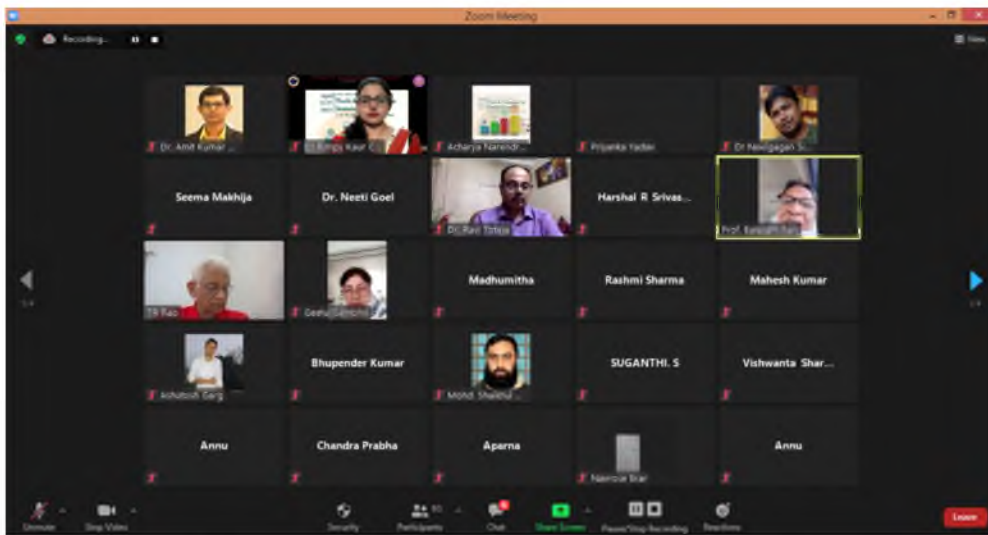

April 6-19, 2021

Department of Biomedical Science, Botany, Mathematics and Zoology of Acharya Narendra Dev College (ANDC), University of Delhi under the patronage of Prof. Ravi Toteja (Officiating Principal, ANDC) organized the two week national workshop (online) on “Tools and Techniques in Statistical Analysis” under the aegis of DBT-STAR College Scheme on 6-19th April 2021 on Zoom from 4-6 pm every day. Prof Balaram Pani, Dean of Colleges, University of Delhi was the chief guest and Prof S M Anwar Alam, Chairman governing body, ANDC was the chief patron of the workshop. The organizing team comprised of the convenors - Dr.Vatsla Kohli (Department of Mathematics), Dr. Seema Makhija (Department of Zoology), and Dr. K. R. Meena (Department of Mathematics); co-convenors – Dr .Archana Pandey (Department of Biomedical Science) and Dr. Rashmi Sharma (Department of Botany); organizing secretaries – Dr Sumit Sahni and Dr Vineet Kumar Singh; and technical team – Dr Manoj Kumar Singh, Dr Neelgagan Singh, Dr Rahul Dev, Dr Rimpay Kaur Chowhan, Dr Ritu Khosla, Dr Neeti Goel, Dr Gurudutt Rao Ambedkar, Dr Narain Singh, Dr DeoDutt Arya, Mr Tarun Sharma, and Mr Sanjay Sangwan.

Statistics or state arithmetic, as called in the roman era, is not a new field, in fact it dates back to as early as 1st century B.C with roots in real life applications. In the current scenario, the statistical methods are used extensively in mathematics, biology, medicine, physics, chemistry, engineering, environmental science, sociology and several other interdisciplinary fields. Thus, making the knowledge of various tools and techniques in statistical analysis and how to effectively use them for research and decision making as an imperative tool for any scientific endeavour. To upkeep these goals, with the kind counsel of our advisory team comprised of Dr Garima Gupta, Scientist E, Department of Biotechnology; Prof C S Lalitha, Head and Dean, Faculty of Mathematical Sciences, University of Delhi; Professor Umesh Rai, Head, Department of Zoology, University of Delhi; Professor S B Babbar, Head, Department of Botany, University of Delhi; Professor Shobha Bagai, Cluster Innovation Centre, University of Delhi; Dr. Anjan, Associate Professor and Head, Department of Natural Resource Management and Geoinformatics, Khallikote University; Prof. Daman Saluja, Director, Dr. B R Ambedkar Centre for Biomedical Research (ACBR), University of Delhi; Dr. Abdullah A Ansari, Assistant Professor, International Centre for Advanced Interdisciplinary Research; Dr. Kamlesh Jangid, Assistant Professor, Department of Mathematics, Rajasthan Technical University; and Dr. Manish Khandelwal, Assistant Professor, Department of Mathematics, Indira Gandhi National Tribal University (IGNTU), Amarkantak, this workshop has been meticulously designed to provide knowledge on statistical modelling, data mining, and fitting statistical models to data in real-world applications using various statistical analysis tools like R and SPSS.

The information about the webinar was disseminated on various official social media channels of the college including instagram, facebook, twitter and college website with few selective sessions of the workshop to be released on college's youtube channel as well. Approximately, 205 participants including undergraduate and postgraduate students, research scholars and academicians from all over the country, registered for the event after paying the registration fee of Rs. 100 for ANDC Students (UG and PG), Rs. 200 for other Students (UG and PG), Rs 500 for Research Scholars, and Rs 1000 for Industry Sponsored individuals.

During this 15 day long workshop, two sessions were being conducted almost every day by the eminent speakers - Professor T R Rao, IISER, Berhampur; Professor Ram Kumar, Central University of South Bihar; Professor Aditi Gangopadhaya, Department of Mathematics, IIT-Roorkee; Dr Mohd. Arshad, Assistant Professor, Department of Mathematics, IIT-Indore; Dr Amit Kumar Misra, Assistant Professor, Department of Statistics, Babasaheb Bhimrao Ambedkar University, Lucknow; Dr Akanksha Gupta, Assistant Professor, Department of Statistics, Institute of Science, Bangalore; Dr Qazi Azhad Jamal, Assistant Professor, Department of Mathematics and Statistics, Banasthali Vidyapith, Rajasthan; Dr Shashi Bhushan, Associate Professor and Head, Department of Mathematics & Statistics, Dr. Shakuntala Misra National Rehabilitation University, Lucknow; and Dr K R Meena, Assistant Professor, Department of Biomedical Science, Acharya Narendra Dev College. They gave lectures on the broad themes of Fundamentals of Statistics (special reference to biology), Data types and collection, Sampling techniques, Measures of central tendency and Measures of dispersion, Correlation and Regression Analysis, Statistical inference, Estimation procedures, hypothesis testing (Student's 't' test, chi

Report

The two-week long online Faculty Development Programme on "From Research to Publication" from 5th April -17th April 2021 was organized by the Department of Commerce, Acharya Narendra Dev College, University of Delhi, in association with Hansraj College and the core team of Mahatma Hansraj Faculty Development Centre- Dr JyotiBhola, Mr Ashutosh Yadav, Mr Gaurav Bhatt and Mr Amit Chauhan under the aegis of Pandit Madan Mohan Malviya National Mission on Teachers and Teaching. Acharya Narendra Dev College FDP team comprised of Dr Surinder Kaur as its Convener and Dr Shalu Mahajan as coordinator and Dr JitenderGoel and CA YaskSain from the Department of Commerce as its members, who ensured that the entire programme was carried out smoothly in an seamless manner.

The Inaugural Session was held on 5th April 2021 at 1:00 p.m. Dr Surinder Kaur, Convener of the FDP, welcomed the guests and the participants. The topic of the FDP was introduced and the significance and objectives of the programme were outlined. The session opened with the welcome address delivered by Prof. Ravi Toteja, Chief Patron of the FDP and Officiating principal of ANDC. Prof.Toteja spoke on the increasing relevance of research and publication in the wake of the new education policy (NEP). Prof. Syed Mohd. Anwar Alam. Guest of Honor and chairman of the Governing Body. ANDC also addressed the session and spoke on the relevance of research and publication in the life and career of an academician.

Prof. Suman Kundu, Director, University of Delhi South Campus presided over the inauguration session and delivered the keynote address in the session as well. He highly appreciated the list of topics such as research philosophy, types of research, research methods, analysis and interpretation of data, research paper structure, ethical issues in research and role of mentor included in the FDP and found these highly relevant in the journey of research to publication.

Over 120 participants from across the country attended the two-week programme. Every day there were two sessions of one-hour duration. 24 eminent speakers were invited to discuss a wide array of topics related to the Sampling criteria, Hypothesis Testing, R tool, Research methods, design and problems. How to construct Questionnaire and conduct interviews, Interpretation of data, Research paper Structure, Report Writing, Plagiarism Check and role of mentor.

Report

The SPIE student chapter at ANDC organized a 5-day webinar session on Hybrid Mobile App Development with Flutter from 13th to 17th July, 2020 under the aegis of DBT STAR College Scheme. The webinar sessions were conducted via Google Meet. The sessions were conducted by Mr. Amit Srivastava. He is the founding member and a mentor at Brain Mentors Pvt. Ltd. Brain mentors is an online platform for IT and programming that provides training in Programming languages, Mobile Application development, game development, graphic designing and artificial intelligence. During the course of the 5 day workshop, students learned about the basics of app development in flutter, introduction to dart and flutter setup on android studio, making a small app using flutter, API Call and introduction to UX design. It turned out to be an enriching workshop for the students. Nearly 60 students participated in the workshop and were given e-certificates at the end of the workshop.

NI LabVIEW Online Basic Training

Speaker: Mr. Devendra Dharwan

Date/Time/Location: June 23-27, 2020, 12-1 pm, Online mode Google Meet.

Participants: Students and chapter members

To enhance the employability of our chapter members, a 5 days hands on workshop on 'NI LabVIEW Online Basic Training' was conducted from June 23-27, 2020. The whole training was divided into 5 topics. One topic was covered each day from basic to different techniques and components in LabVIEW. It is a graphical programming language that makes the implementation of Virtual Instruments very easy and convenient. In the training sessions, Mr. Devendra Dharwan, Technical manager and co-founder of Touch TECHNO introduced all the topics thoroughly and assigned different tasks for each day.

REPORT

Department of Computer Science of the Acharya Narendra Dev College under DBT Star Scheme organized a one day workshop on the topic of “Machine Learning ” on 4th March 2020. The Talk was convened by Dr. Sharanjit Kaur and Dr. Harita Ahuja. It was attended by all the students and faculty of the computer science department. We had (Prof.) Dr. Ramesh Aggarwal as our eminent guest speaker. He is working as a Professor in Jawahar Lal Nehru Univeristy . He had started the session with a talk on Machine learning, an application of Artificial Intelligence (AI). It provides systems the ability to automatically learn and improve from experience without being explicitly programmed. It focuses on the development of computer programs that can access data and use it to learn for themselves. He also discussed the applications and types of Learning. There are various types of Learning e.g. supervised, unsupervised, Reinforcement Learning, etc.

At the end, Dr. Sharanjit Kaur delivered a vote of thanks to Speaker and concluded the session. All Participants were interactive and shown keen interest in the topic of the talk. They were provided with the certificates after the successful completion of the workshop.

December 2-6, 2019.**

Report

Day 1 (December 2, 2019, Monday)

The first session started with welcome address by the Principal, Dr. Ravi Toteja and IQAC Coordinator, Dr. Yasheshwar and self-introduction of the participants. It was followed by a small presentation by the resource person, Mr. V. Krishnamoorthy on the objective of the workshop and the various techniques that would be discussed during the workshop for development and delivery of educational content. The purpose of the workshop was to introduce the participants to various open source and free software rather than focussing on expertise in few software. It was highlighted that the workshop will focus on creating and delivering educational content and the choice of software depends upon requirements of the content and the availability of funds. The participants were also introduced to the concept of Flipped-classroom.

The Day progressed with distribution of important software to be used during the workshop, to all the participants. Mr. Tarun and Mr. Sanjay Sangwan, the technical staff of the college, helped the participants in installing different softwares on their laptops. The session then focussed on overview of software *Balabolka*. Various ways in which this can be used to create audio content, was demonstrated by the resource person to the participants. The participants were also introduced to the concept of *silent classroom* and how it works using *stream what you hear*.

The participants were asked to use the *Balabolka* software on the written educational content with them to prepare an audio file.

Day 2 (December 3, 2019, Tuesday)

The second Day began with the introduction of Audacity Software to create and edit audio files of the educational content. Participants created audio files of their content using *Balabolka*, which is a *text-to-speech* software and recorded the audio with the help of Audacity software. Mr. Moorthy taught the participants how to edit the audio file using Audacity for producing a finished product. Throughout the day the participants edited their content and also learned the streaming of audio content in the concept of silent classroom.

The resource person also introduced the concept of wifi server on pen drive which is useful for local streaming of educational content.

Day 3 (December 4, 2019, Wednesday)

On third day participants were introduced to image editing tool-GIMP. The participants learned importing photographs in GIMP, editing their backgrounds, making gif animations, adjusting the picture size based upon final usage etc.

Participants were also taught the conversion of one video file format to the other, using the software *Handbrake*. The software is utmost useful in assisting the content creator to have a compatibility across various platforms.

A third software introduced to participants was a screen recording tool – Hypercam. This is useful for capturing screen activities in a video format. It was suggested by the resource person that this method in conjunction with audacity and webcam can be used for live capturing of classroom teaching.

Photos, an application of Microsoft available in windows, was also introduced to the participants to enable them to create videos using images and previously recorded audio files.

Day 4 (December 5, 2019, Thursday)

The fourth day concentrated on practicing the video editing of videos prepared in earlier sessions. For this the participants were introduced to software Openshot. Mr. Moorthy demonstrated correct handling of mobile phone to shoot classroom lecture by shooting few minutes lecture of some participants. He then explained the enriching of this video using Openshot software. He compared the two applications – Photos and Openshot for creating and editing videos.

For the remaining day, the participants prepared their educational videos based upon their own choice and understanding of various softwares introduced to them.

Day 5 (December 6, 2019, Friday)

On request of participants, the final Day of the workshop began with recapitulation of GIMP software. The participants also learned the video streaming. The participants were taught the live streaming using VLC.

An introduction about QR Codes, their generation and use was also given to the participants. This enables a user to encrypt any information in the QR Code and make it available for faster access to other user.

Participants presented their prepared videos and got their problems solved individually.

The Day ended with a verbal feedback session about the workshop from all participants and Vote of thanks to the resource person by the Workshop coordinator.

Report

Surface Plasmon Resonance (SPR) is a powerful optical technique that is widely used in various fields, including biosensors, drug discovery, and materials science. SPR is based on the interaction between an electromagnetic field and the oscillation of electrons at the interface between a metal and a dielectric material. One of the main applications of SPR is in biosensing. SPR biosensors are used to detect and quantify biomolecules, such as proteins, DNA, and cells, in real-time and label-free. SPR biosensors can provide highly sensitive and specific detection of biomolecules, and they have been widely used in various fields, such as medical diagnosis, drug discovery, and food safety. Another application of SPR is in the study of material properties. SPR can be used to investigate the optical and electronic properties of thin films, nanoparticles, and other nanostructures. SPR can provide information about the refractive index, thickness, and composition of the materials, as well as their interaction with the surrounding environment. Furthermore, SPR has been used in the development of plasmonic devices, such as plasmonic waveguides, filters, and modulators. Plasmonic devices can manipulate the light at the nanoscale, leading to potential applications in photonics, data storage, and optical computing. In summary, SPR is a versatile and powerful technique that has a wide range of applications in biosensing, materials science, and photonics. The development of SPR-based technologies is expected to continue to advance these fields and enable new applications in the future.

UV-Visible spectroscopy is a widely used technique in chemistry, biochemistry, and materials science for the analysis of molecules and materials. UV-Visible spectroscopy measures the absorption of light in the UV and visible regions of the electromagnetic spectrum, which provides information about the electronic structure and properties of the samples. One of the main applications of UV-Visible spectroscopy is in the determination of concentration and purity of samples. UV-Visible spectroscopy can be used to quantify the amount of a substance in a sample based on its absorbance at a specific wavelength. This method is commonly used in pharmaceutical and biotech industries to monitor the concentration of active ingredients and impurities in drugs and biologics. UV-Visible spectroscopy is also widely used in the study of chemical reactions and kinetics. The absorbance changes of a reactant or product over time can be monitored using UV-Visible spectroscopy, which provides information about the rate and mechanism of the reaction. In addition, UV-Visible spectroscopy is a valuable tool for the characterization of materials, such as pigments, dyes, and polymers. The absorption spectra of these materials can provide information about their electronic and optical properties, such as the color, stability, and reactivity. Furthermore, UV-Visible spectroscopy is used in the study of biological molecules, such as proteins, nucleic acids, and enzymes. The absorption spectra of these molecules can provide information about their structure, conformation, and interactions. In summary, UV-Visible spectroscopy is a versatile and widely used technique that has a broad range of applications in chemistry, biochemistry, and materials science. The development of new methods and instrumentation is expected to further expand the applications of UV-Visible spectroscopy in the future.

10. Workshop on “Fraud, Forgery and Forensics: Examining Handwriting, Fingerprinting and Security documents” (3-Apr-2019)

Dr.Archna Pandey

A one-day Forensic Science workshop was organized under the aegis of DBT-STAR College Scheme entitled ‘Fraud, Forgery & Forensics: Examining Handwriting, Fingerprints and Security Documents’ on April 3, 2019 in the college premises. The inaugural lecture on ‘Handwriting and Signature Forgery’ was delivered by Mr J. K. Semwal (Senior Faculty-Documents, LokNayakJaiprakash Narayan National Institute of Criminology and Forensic Science, Ministry of Home affairs, Government of India). More than 120 participants from various departments and colleges of the University of Delhi as well as many Universities and institutions from Delhi-NCR learned various techniques of Forensic Science through the workshop.

11. Emotional Intelligence

REPORT

Department of Computer Science, Acharya Narendra Dev college, in collaboration with ICT Academy under star scheme 2018-19, organized a two-day Faculty Development Program on “Emotional Intelligence (EI)”. In this Faculty Development Program, the participants got to know about the importance of Emotional Intelligence(EI) over Intelligence Quotient(IQ). The talk emphasized on awareness of self emotion and social emotion(other people). The Day one concentrated on the need of emotional intelligence in day to day activities. The talk enriched the participants based on various activities like Questionnaire, group discussion and story telling. The Day two concentrated on emotional hijacking, Stress Management and its importance to both college teachers and employers. Stress management focused on day to day functioning and improving the negative emotions to have a balanced life. It narrows your ability to think clearly, function effectively, and enjoy life. The FDP was aimed at enhancing the skill set of participants. The Session was very interactive as the participants were given an EI test and they have been told about their Emotional quotient grounded on their scores.

At the end of the programme, participants gave the feedback at the ICT’s online portal. Subsequently, participants have been awarded with the E-certificates. Session ended with the vote of thanks by Dr. Harita Ahuja. The FDP

proved to be extremely informative and was a great success with participation from around 30 faculty members from various Universities

14. Workshop (on Digital India Initiative)

REPORT

Department of Computer Science of Acharya Narendra Dev College organized a workshop (under the Star college scheme) on Digital India Initiative in collaboration with CSC e-governance Services India Ltd. on 18th September, 2018.

CSC e-Governance Services India Limited is a Special Purpose Vehicle (SPV) set up by the Ministry of Electronics & IT to oversee the implementation of the CSC scheme. CSC SPV provides a centralized collaborative framework for delivery of services through Common Services Centers (CSCs).

CSCs are the last mile access points for delivery of various e-governance and public services such as PAN card, Election ID, UID etc. to citizens. They are also focused on employment generation through e-learning and skill development for rural communities.

About 150 students from Department of Computer Science, Electronics and Zoology attended the workshop. The workshop was a great success. Participants were interactive and showed keen interest in the services offered by CSCs. Their enthusiastic participation led to greater awareness about the courses offered through the CSCs.

15. Workshop on "Legal Awareness Program on E-Waste Management"

The screenshot shows the website of the South East District Legal Services Authority (DLSA(SE)). The header includes the organization's name in Hindi and English, along with logos of the Government of India and the organization. A navigation menu contains links for HOME, WINGS, ACHIEVEMENT, RTI, ACTIVITIES, PUBLIC NOTICE, SUCCESS STORIES, and CONTACT US. Below the menu, a banner reads "DLSA(SE) CONDUCTED BY E-WASTE MANAGEMENT LEGAL AWARENESS PROGRAMME ON 11.08.2018".

The main content area features a large image of a man in a grey suit and black turban speaking at a podium. Below the image is the title "DLSA(SE) conducted by E-Waste Management Legal Awareness Programme on 11.08.2018" and a social media share bar. To the right, a "Recent Posts" section lists several articles with titles such as "Celebration of World Day of Social Justice" and "Awareness Session Under Project 'SPARSH - GIVE CARE NOT SCARS'".

A social media post from "DLSA Delhi" is also visible, containing text about the program and a collage of photos showing the event. The text in the post reads: "DLSA(SE) conducted by Legal Awareness Programme at Acharya Narendra Dev College, Delhi University, Kalkaji, New Delhi, On 11th August, 2018 under the Legal Awareness Programme of DLSA (South-East). Sh. Tavleen Singh Nanda, Advocate Was the Resource Person of the Programme which was attended by more than 60 Students on the topic: - 'E-Waste Management'".

Legal Awareness Program on E-Waste Management was organized on August 11, 2018. Advocate Tarveen Singh Nanda was the resource person from Delhi State Legal Services Authority. The event is being shared by DLSA(SE) on <http://dlsa.org/sed/?p=3695>.

Organizing Faculty Members: Dr Seema Gupta Dr Pooja Bhagat Dr Pankaj Khanna, Dr Ravi Toteja, Dr Seema Makhija Dr Aparna Sharma Dr Sweety Shrimali Dr Anjali Saxena Dr Khangembam Cherita Devi Dr Rahul Dev Dr Vineet Girdharwal

Date: February 21-22, 2018

Number of Participants:

The Departments of Zoology and Chemistry, under the aegis of DBT Star College Scheme, organized a 2-day symposium, ‘Safety Measures and Laboratory Ethics’ on February 21-22, 2018 in the seminar Hall of the College. A total of 94 participants, including undergraduate students and research scholars from within and outside the College, attended the symposium. Each of the participants of the Seminar was provided with a safety kit containing a safety mask, goggles, cap and gloves. Dr Rita Singh (Professor, Department of Zoology, University of Delhi) was the first invited speaker to deliver a talk at the Symposium. Her talk introduced the participants to the ethical issues involved in performing research on human subjects. The next speaker was Dr Mrutyunjay Suar, Director, School of Biotechnology, KIIT University, Odisha. In his talk Dr Suar discussed laboratory ethics with a medical microbiology perspective. He emphasized the proper disposal measures that need to be followed while discarding microbial waste. In the post-lunch session, Dr Suar delivered an interactive lecture that discussed the journey of science from the initial stages of conception of a scientific idea to its execution on an industrial scale. The last speaker of the day was Dr Sanjeev Kumar Sharma, Senior Manager, Health & Safety, Jubilant Generics Limited. In his talk Dr Sharma discussed with the participants all the safety measures that need to be undertaken while working with potentially hazardous chemicals. On February 22, 2018, the first talk was delivered by Dr Vijay Pal Singh, Deputy Director, FSSAI. Dr Singh discussed the relevance of ethics to science students. Dr. Singh explained the concepts and methodology involved in the ethical use of animals for research. The next speaker was Dr Rup Lal, Professor, Department of Zoology, University of Delhi. In his talk Dr Lal shared with the participants his experiences related to management of a research laboratory. The post-lunch session started with an interactive talk by Dr Gagan Dhawan, Dr Dhawan’s talk encompassed the various aspects of safety in a science lab. The next speaker was Dr Sanjukta Subudhi, Scientist, TERI. Dr Subudhi’s talk was aimed at introducing the participants to the concept of a zero waste future and the role that scientific research will play towards that goal. The last speaker at the Symposium was DrKamal Gupta, Associate Professor, Deshbandhu College, University of Delhi. In his talk, Dr Gupta discussed the importance of scientific research and the needfor higher safety regulations while performing research. The Seminar was concluded with a Vote of Thanks followed by the distributionof certificates to the participants, all of whom interacted actively with the speakers. The participants were enthusiastic about the ideas and concepts presented in the Symposium. They appreciated the need for a hazard-free and safe work environment and opined that the Seminar had made them realize the importance of ethics in the pursuit of science.

Report

A workshop was organised by the Department of Chemistry, under the support of DBT Star College Scheme, on 10th November 2017 at the Web Centre. The workshop, with the theme of ‘**Systematic Use of Digital Information in Academic Activities**’, had an esteemed presence of **Dr Tariq Ashraf** (Deputy Librarian, University of Delhi) as the resource person. More than seventy students and faculty members participated in the workshop.

Dr Ashraf highlighted various aspects of Digital Information starting with various possible resources for the same. He then deliberated on the University of Delhi Library System in detail. The focus here was to let the students understand different e-resources such as books, journals and articles and ways to search them under varied criteria viz. author, year of publication. The hands-on mode at the web centre of the college helped the students to learn the techniques upfront and clear their doubts. The discussion was taken to the next level by including the concepts of Plagiarism and publication ethics.

The workshop was well attended by the students as well as faculty and was a great success and learning experience.

Dissent as submitted by Dr. Monica Misra, Associate Professor, TIC, Dept. of Zoology,
Member screening committee and selection committee (07 August, 2021 at 11:00 am)

The eligibility date (i.e 16/7/2019) of Mr Ravinder K sagar is after the date notification of UGC Regulation 2018 (i.e 18/7/2018), thus he can opt for CAS2010 as mentioned in 6.3 but can not avail relaxation in API Score calculation as per clause 6.3VIIb (which is available only do for pending cases). Since calculation basis is wrong and hence holding interview and subsequent promotion is in contravention of UGC Regulation 2018.
