7.2.2 Annual Cultural Events Committee

Joint Convenors: Ms Seema Gupta (Mathematics)

Dr Geetika Kalra (Botany)

The whole world has been affected by the Covid-19 pandemic which has created havoc in everyone's life. In the last two years, education had to be shifted to the online mode due to the shutting down of institutions. Along with regular online classes, the cultural events were being celebrated in the online mode. However, after the relaxation of covid norms and the re-opening of colleges and schools, activities are beginning to start in the hybrid and offline modes. Keeping up the tradition of organizing memorable cultural fests, Acharya Narendra Dev College successfully organized the Annual Cultural Festival Leiothrixx 2022, on April 11-12, 2022 keeping all Covid-19 measures suggested by the DDMA guidelines. An annual festival is a time when the entire team at ANDC including faculty members, students and staff members come together and contribute their best to this great endeavour to bring out the extraordinary talent in the participants from various colleges.

The two-day programme was presided over by our officiating principal, Prof. Ravi Toteja and the function was attended by Ms Atishi, MLA Kalkaji as a Chief Guest and Shri Anil Saini, Chairperson, Governing body of Acharya Narendra Dev College as Guest of Honour. A total of 26 events were organised and nearly 300 teams with more than 1000 students participated in the event from various colleges from all around Delhi NCR. Events like War of DJs *Beatnik*, Rap Battle-*Mazrap Battle*, Western and Folk Dance, *Buniyaad 'The Debate'*, *Sahir*, the street play and Gully Cricket and Fashion show were the prime attractions. Some interesting events like *Bassbox*, *Futsal Forever*, *Nagma* and *Nazmein* got an overwhelming response. The Highlight of the cultural festival was the DJ and band night on Day 1 and Celebrity Night on Day 2. On Day 1, 'Aagaaz', a famous band gave out a splendid performance and DJ Devi had enthralled the gathered audience. On Day 2, The Landers, a famous Punjabi group of singers stole the show with their captivating rendering of some of their famous numbers. The cultural festival ended with a vote of thanks by Prof. Ravi Toteja and Convenors of the Annual Events Committee.

The prime focus of the cultural activities was on refining the young minds, a job that can't be accomplished by academics alone. It is an amalgamation of art and culture, along with studies that helps in nurturing the creativity in young enthusiastic students. ANDC has always promoted cultural activities which nurture the skill of team

Respectfully sir,

Our team (Yash Varshney, Aman Tyagi, Phulender Singh, and Anurag Saxena) has participated in the E-yantra robotics competition again this year (2020-2021). Previously we were in the top 36 out of around 350 teams. Last year there was no registration fee but this time we have to pay 2000 INR for one team registration.

This is our humble request for reimbursement of the registration fee. I have attached the transaction receipt. We are aiming for the winner position this time. Thank you for your time and effort.

23. Charcha for Change:Climate Chapter

Charcha For Change

Charcha For Change was a talk discussing the most important issue of the hour, i.e. Climate Change. It was an initiative of Josh Talks and UNDP who brought together an environment for us all that talked about climate. In a world where many people fail to believe climate change exists, the organisers wanted to initiate a conversation over it to lay the foundation for some innovative ideas for a sustainable and safe future.

Fifteen volunteers attended the event held on 5th August at Indian Habitat Centre. Volunteers felt inspired by the welcome address by Ms. Shoko Noda who is UNDP Resident Representative followed by a number of talks of innovators and entrepreneurs who have done a commendable work in this field. There was also an environment pop quiz on environment conservation and a panel discussion on "Climate Change and Innovative Paths to a sustainable future" which was very insightful.

26. Food distribution drive to poor people near college

An attempt to prevent food wastage

Most of the informal functions organized in the campus witness wastage of large quantities of leftover food. Agitated with this wastage of resources, one of our NSS volunteer, Utkarsh Singh (inspired from a last year's volunteer Manisha) came up with a suggestion of collection and distribution of all leftover food to hungry and needy people as and when the college will

organize any such party. The idea was implemented in very first event 'Fresher's party' organized by every department. Once the party was over, NSS Volunteers collected the food from all departments (each department had its own catering arrangement). They were provided bigger utensils for collection by the canteen owner Mr. Tarun. They hired a *rickshaw* and went near the Gurudwara few hundred meters away from our college and distributed the food among the labor class people. The food was sufficient to be served to around 110 people. The benefitted people were also given a lesson to throw their used paper plates in dustbin. This took care of littering on the road.

Charcha For Change

Charcha For Change was a talk discussing the most important issue of the hour, i.e. Climate Change. It was an initiative of Josh Talks and UNDP who brought together an environment for us all that talked about climate. In a world where many people fail to believe climate change exists, the organisers wanted to initiate a conversation over it to lay the foundation for some innovative ideas for a sustainable and safe future.

Fifteen volunteers attended the event held on 5th August at Indian Habitat Centre. Volunteers felt inspired by the welcome address by Ms. Shoko Noda who is UNDP Resident Representative followed by a number of talks of innovators and entrepreneurs who have done a commendable work in this field. There was also an environment pop quiz on environment conservation and a panel discussion on "Climate Change and Innovative Paths to a sustainable future" which was very insightful.

26. Food distribution drive to poor people near college

An attempt to prevent food wastage

Most of the informal functions organized in the campus witness wastage of large quantities of leftover food. Agitated with this wastage of resources, one of our NSS volunteer, Utkarsh Singh (inspired from a last year's volunteer Manisha) came up with a suggestion of collection and distribution of all leftover food to hungry and needy people as and when the college will

organize any such party. The idea was implemented in very first event 'Fresher's party' organized by every department. Once the party was over, NSS Volunteers collected the food from all departments (each department had its own catering arrangement). They were provided bigger utensils for collection by the canteen owner Mr. Tarun. They hired a *rickshaw* and went near the Gurudwara few hundred meters away from our college and distributed the food among the labor class people. The food was sufficient to be served to around 110 people. The benefitted people were also given a lesson to throw their used paper plates in dustbin. This took care of littering on the road.
