University of Delhi at ANDC SPIE Student Chapter

SPIE Annual Report 2010

The department has undertaken pioneering effort to initiate the process of starting a student chapter of SPIE — The International Society for Optical Engineering to promote the concept of Photonics amongst students. SPIE is the international society for optics and photonics founded in 1955 to advance light-based technologies. Serving more than 188,000 constituents from 138 countries, the Society advances emerging technologies through interdisciplinary information exchange, continuing education, publications, patent precedent, and career and professional growth. SPIE annually organizes and sponsors approximately 25 major technical forums, exhibitions, and education programs in North America, Europe, Asia, and the South Pacific. It is one of the most prestigious societies in the world and having a chapter in college would go a long way in influencing the choice of career option of the students.
